

GOVERNOR'S COMMISSION ON DISABILITIES

The Commission would like your assistance to notify your constituents of a series of public forums being conducted throughout the state so people with disabilities and their families can tell the state government of their needs and desires. Twenty-three state commissions, departments and community-based organizations will be conducting 6 public forums (hearings) during the week of July 22nd - 25th. The forums are open for anyone to come in and speak; the representatives of the sponsoring agencies will be there to listen. Its important for the state policy makers and planners to hear from people with disabilities, their comments will guide the state's efforts to improve services and expand opportunities. The forums will be:
